AIM

- Its aim is to create awareness on specific health theme and highlight priority areas for the WHO.
- It lights important health issues such as mental health, maternal & child care, and climate change.

WHD & COVID-19

- The COVID-19 pandemic has undergone recent health gains, pushed more people into poverty and food insecurity and amplified gender, social and health inequities.

Its celebration helps to create activities which aid to keep World's attention on global health.

##TwopWHD

Message

- World Health Day is one of eleven official global health campaigns marked by WHO.
- This World Health Day , WHO is calling for action to cut health inequities, as part of a year-long global campaign to bring people together to build a fairer, healthier world.

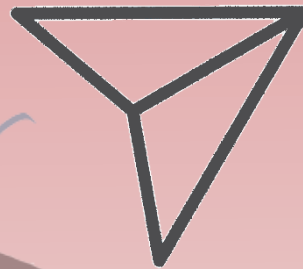

Wow, what a cool content
